Michigan Cattlemen Support Senate Candidate Terri Lynn Land

CADILLAC (June 27, 2014) – The [Michigan Cattlemen's Association](#) (MCA) presented U.S. Senate Candidate Terri Lynn Land with a campaign donation from the National Cattlemen's Beef Association's Political Action Committee (NCBA-PAC). The donation was presented at the MCA Summer Round-Up in Cadillac, Mich.

"As Michigan's Secretary of State, Terri Lynn Land improved customer service and reduced costs," said Dennis Peterson, MCA President. "She is an excellent candidate for U.S. Senate and an ally of the cattle industry. Michigan cattlemen are proud to support Terri's campaign."

NCBA-PAC raises funds from its members nationally and state affiliates each two-year election cycle. The funds raised by NCBA-PAC work to elect candidates that understand the challenges of the cattle business. Last cycle NCBA-PAC helped elect six cattlemen to Congress and raised more than \$850,000. This cycle NCBA-PAC's grass-roots leadership has set a goal to raise over \$1 million.

"Both NCBA and all of our state affiliates are very proud of the work we have been able to do for the cattle industry through the NCBA-PAC," said Anna Lee, NCBA's political action committee director. "NCBA-PAC strategically evaluates candidates running for office, candidates like Terri Lynn Land. Our goal is to support and help elect more members to the U.S. House of Representatives and U.S. Senate who truly understand and appreciate the importance of a vibrant U.S. cattle industry that operates best under free market principles."
